

CPM Europe.

Meeting the highest
grinding quality requirements

**Roller
Mill
Series**

GLOBAL PARTNER
SINCE 1883

CPM Europe. Your Partner in Productivity

Assisting You in Selecting the Best Roller Mill

650 Series

900/999 Series

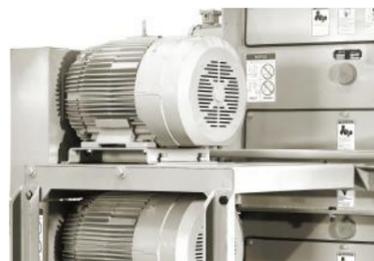

Roll Feeder with Magnet

- For a very regular spread of grains over the rollers
- Equipped with a strong magnet to protect the rollers

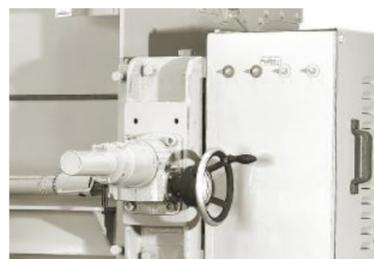

Rollers for Crushing Grains

- Single pair, double pair and triple pair grinding stages available
- Optimal riffle specification to meet the grinding requirements
- Deep surface hardened allowing 6 re-riffling works
- Easy roller exchange by leaving the bearings in place

Roller Drive System

- Each roller pair can be equipped with a single motor
- The roller can be directly driven or alternatively by V-belts to suit space availability

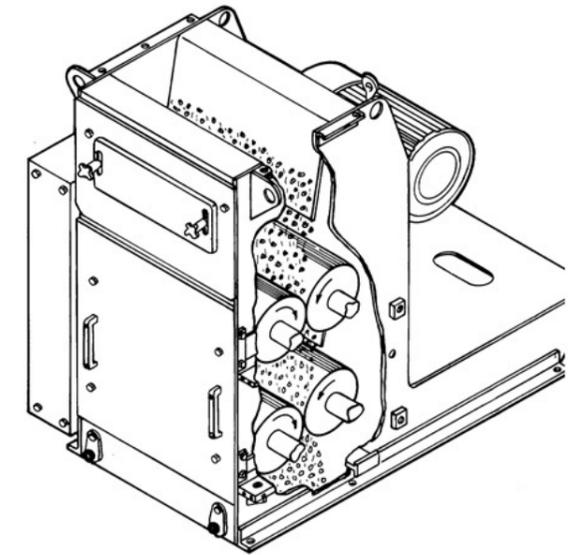

Roller Distance Adjustment System

- Pneumatically driven high precision jacks
- With precise electronic feed back for accurate grinding
- Manual adjustment available

CPM Roller Mill Concept

1. Grains
2. Roll Feeder with Magnet
3. Rollers
4. Roller Drive
5. Roller Adjustment
6. Ground Mash

1200 Series

1600 Series

Please consult with a CPM specialist to study your grinding quality and grinding capacity requirements
